PRODUCT GUIDE

INTENSIFY
YOUR SAFETY STANDARDS

MAJESTIC RELIABILITY IN SAFETY

At Majestic, we are dedicated to providing exceptional personal safety gear that combines traditional craftsmanship with cutting-edge technology. With over 40 years of experience, we offer industry-leading products that deliver superior durability, comfort, and performance, that meet the rigorous demands of a variety of industries.

Mechanics Gloves and Drivers

Eye Protection & Accessories

Our mission is to protect America's workforce through innovative solutions and dedicated customer service, making us the trusted name in safety. When it comes to reliability, innovation, and expertise, we set the standard in personal protective equipment (PPE).

THE MAJESTIC DIFFERENCE

Industry-Leading Quality & Reliability

Our premium quality PPE is crafted from the highest-grade materials and tested rigorously, ensuring superior protection and performance for workers in the most demanding environments.

Innovative Technology

We combine old-world craftsmanship with the latest technological advancements, resulting in PPE that offers enhanced comfort, grip, and protection.

Sustainable & Future-Focused

By integrating eco-friendly materials and sustainability initiatives, Majestic is not only protecting your workers today but also contributing to a greener tomorrow. Our commitment to environmental responsibility ensures a lasting, positive impact on the world.

Unparalleled Fit, Comfort, & Performance

Our products are designed for comfort and performance. We are committed to providing products that offer a superior fit and feel, so workers are safe and comfortable.

Comprehensive Safety Assurance

Our product meets or exceeds the strictest safety standards. Our in-house and third-party testing ensures that our products are designed to meet ANSI and EN standards across all of product categories.

Trusted Industry Partner 40+ Years

Majestic is more than just a provider of safety gear. For over four decades, we have served as a trusted partner for industries like construction, automotive, energy, and manufacturing. Our dedication to service and industry expertise ensures workers stay safe and productive.

For over 40 years,
Majestic intensifies
safety standards by
developing cutting-
edge, high-quality
personal protective
equipment designed
for the toughest work
environments.

MAJESTIC BUSINESS SOLUTIONS

Nationwide Distribution

Majestic's strategically located distribution centers optimize speed to market and maintain the service level required and expected by our distributors and end users.

Blind Shipping & Urgent Shipments

Managing blind shipments with distributor packing info, and arranging urgent same day shipments, gives distributors the ability to provide end users with the service they expect.

Digital Solutions

Our digital tools provide marketing solutions for distributors, including e-commerce, order history, marketing content on demand, PIM integrations and more.

Electronic Data Interchange (EDI)

EDI allows us to seamlessly receive and confirm orders with your ERP system to reduce unnecessary time, costs and errors.

Dedicated Support & Training

We are more than just a supplier—we are a partner in safety, providing comprehensive training to ensure that your team knows how to get the most out of their PPE, from fit to function

Make it Personal with Customization

Your business is unique, and your safety needs are too. That's why we offer customization options for personalized PPE, including gloves, high visibility clothing, and eyewear. Ensuring that your safety gear aligns with your brand and operational requirements.

- Full Color & Reflective Heat Transfers
- Screen Printing
- Leather Glove Embossing
- Pad Printing

Vending Package Solutions

Majestic's retail and vending packaging solutions provide point-of-purchase options and a comprehensive line of vend-ready personal protective equipment.

Vending Solutions

We have partnered with OptiCrib™ to offer a seamless inventory management. By offering a frictionless "grab-and-go" experience, OptiCrib ensures a workforce can access safety equipment quickly and efficiently, without administrative delays or errors

35-7465 **UPGRADED** Foam Nitrile Palm Dipped, ANSI A4

- Meets ANSI/ISEA 105-2024 Cut Level A4
- Meets EN 388:2016 4X42D
- **NEW!** Improved sizing and stretch for increased comfort
- **NEW!** No irritable fibers
- **NEW!** Latex Free
- Unmatched fit offering exceptional dexterity and superior cut protection
- Seamless knit glove with 18-gauge Korplex® cut resistant technology
- Premium breathable foam nitrile palm coating for superior dexterity, grip, and durability
- Sanitized® by Actifresh coating to inhibit bacteria and minimize odor
- Touch screen capable, allowing use on most smart phones and tablets
- Reinforced thumb crotch
- Long knit cuff for a more secure fit
- Pre-curved finger design to minimize hand fatigue
- Available sizes: XS-X3

35-7467 **NEW!** Nitrile Palm Dipped with Nitrile Dotted Palm, ANSI A4

- Meets ANSI/ISEA 105-2024 Cut Level A4
- Meets EN 388:2016 4X42D
- No irritable fibers
- Latex Free
- Seamless knit glove with 18-gauge Korplex® cut resistant technology
- Premium breathable foam nitrile palm coating for superior dexterity, grip, and durability
- Nitrile dotted palm
- Sanitized® by Actifresh coating to inhibit bacteria and minimize odor
- Touch screen capable allowing use on most smart phones and tablets
- Reinforced thumb crotch
- Long knit cuff for a more secure fit
- Pre-curved finger design to minimize hand fatigue
- Available sizes: S-X2

33-1465 **NEW!** Foam Nitrile Palm Dipped, ANSI A4

- Meets ANSI/ISEA 105-2024 Cut Level A4
- Meets EN 388:2016 4X42D
- Seamless knit glove with 18-gauge Korplex® cut resistant technology
- Premium breathable, abrasion and puncture resistant foam nitrile palm coating
- Touch screen capable allowing use on most smart phones and tablets
- Reinforced thumb crotch
- Long knit cuff for a more secure fit
- Pre-curved finger design to minimize hand fatigue
- Available sizes: XS-X2

35-7665 **NEW!** Flat Foam Nitrile Palm Dipped, ANSI A6

- Meets ANSI/ISEA 105-2024 Cut Level A6
- Meets EN 388:2016 4X43F
- Seamless knit glove with 18-gauge Korplex® cut resistant technology
- Premium breathable, abrasion and puncture resistant foam nitrile palm coating
- Touch screen capable allowing use on most smart phones and tablets
- Reinforced thumb crotch
- Long knit cuff for a more secure fit
- Pre-curved finger design to minimize hand fatigue
- Available sizes: S-X2

35-7765 NEW!**Foam Nitrile Palm Dipped, ANSI A7**

- Meets ANSI/ISEA 105-2024 Cut Level A7
- Meets EN 388:2016 4X42F
- Seamless knit glove with 18-gauge Korplex® cut resistant technology
- Premium breathable foam nitrile palm coating
- Reinforced thumb crotch
- Touch screen capable allowing use on most smart phones and tablets
- Pre-curved finger design to minimize hand fatigue
- Available sizes: S-X2

**35-4565****Foam Nitrile Palm Dipped, ANSI A4**

- Meets ANSI/ISEA 105-2024 Cut Level A4
- Meets EN 388:2016 4X43D
- Seamless knit high visibility yellow glove with 13-gauge Korplex® cut resistant technology
- Abrasion & puncture resistant foam nitrile palm coating
- Long knit cuff for a more secure fit
- Pre-curved finger design to minimize hand fatigue
- Available sizes: XS-X2

**35-5465 UPGRADED****Impact Protection, Foam Nitrile Palm, ANSI A4**

- Meets ANSI/ISEA 105-2024 Cut Level A4
- Meets EN 388:2016 4X42D
- Meets ANSI/ISEA 138 Impact 2
- **NEW!** Improved sizing and stretch for increased comfort
- **NEW!** No irritable fibers
- **NEW!** Latex Free
- Seamless knit glove with 18-gauge Korplex® cut resistant technology
- Impact resistant TPR back-of-hand and finger protection
- Premium breathable foam nitrile palm coating for superior dexterity, grip and durability
- Touch screen capable allowing use on most smart phones and tablets
- Reinforced thumb crotch and index finger
- Long knit cuff for a more secure fit
- Pre-curved finger design to minimize hand fatigue
- Available sizes: S-X2

**3227****Advanced Foam Nitrile Palm with Kevlar, ANSI A2**

- Meets ANSI/ISEA 105-2024 Cut Level A2
- Meets EN 388:2016 4343
- Lightweight seamless knit with advanced foam nitrile palm coating
- Combines the cut resistant and heat resistant properties of Kevlar® with fantastic grip, dexterity, and wear resistance of foam nitrile
- Long knit cuff for a more secure fit
- Pre-curved finger design to minimize hand fatigue
- Available sizes: XS-X2

**35-1589 NEW!**

INSULATED COLD PROTECTION ❄️

Full Latex Dipped Barrier with Crinkle Latex Palm, ANSI A6

- Meets ANSI/ISEA 105-2024 Cut Level A6
- Meets EN 388:2016 4X42F
- Seamless knit glove with 15-gauge Korplex® cut resistant outer shell
- Insulated for cold protection with 7-gauge brushed liner
- Full dip flat latex for a water-resistant barrier
- Micro foam crinkle latex palm coating for superior grip and added durability
- Long knit cuff for a more secure fit
- Pre-curved finger design to minimize hand fatigue
- EN 511: Convective Cold Resistance 2
- EN 511: Contact Cold Resistance 2
- EN 511: Water Permeability 1
- Available sizes: S-X2

**35-1587**

INSULATED COLD PROTECTION ❄️

¾ Latex Dipped Barrier with Crinkle Latex Palm, ANSI A6

- Meets ANSI/ISEA 105-2024 Cut Level A6
- Meets EN 388:2016 2X42F
- Seamless knit glove with 15-gauge Korplex® cut resistant outer shell
- Water-resistant ¾ dip flat latex barrier
- Micro foam latex palm coating for superior grip and added durability
- Insulated for cold protection with 7-gauge brushed liner
- Long knit cuff for a more secure fit
- Pre-curved finger design to minimize hand fatigue
- EN 511: Convective Cold Resistance 2
- EN 511: Contact Cold Resistance 2
- EN 511: Water Permeability 0
- Available sizes: S-X2

35-7675 UPGRADED
Sandy Nitrile Palm Dipped, ANSI A9

- Meets ANSI/ISEA 105-2024 Cut Level A9
- Meets EN 388:2016 4X44F
- Extreme cut resistance
- Seamless knit glove with 13-gauge Korplex® cut resistant technology
- Sandy nitrile coating for superior durability
- Touch screen capable allowing use on most smart phones and tablets
- Exceptional dexterity and comfort
- Breathable fabric and product design
- Long knit cuff for a more secure fit
- Pre-curved finger design to minimize hand fatigue
- Available sizes: XS-X2

35-7676 UPGRADED
Sandy Nitrile Palm Dipped, ANSI A9

- Meets ANSI/ISEA 105-2024 Cut Level A9
- Meets EN 388:2016 4X44F
- Extreme cut resistance
- Hi-Vis yellow Seamless knit glove with 13-gauge Korplex® cut resistant technology
- Sandy nitrile palm coating for superior durability
- Touch screen capable allowing use on most smart phones and tablets
- Exceptional dexterity and comfort
- Breathable fabric and product design
- Long knit cuff for a more secure fit
- Pre-curved finger design to minimize hand fatigue
- Available sizes: S-X2

33-4476
Sandy Nitrile Palm, ANSI A5

- Meets ANSI/ISEA 105-2024 Cut Level A5
- Meets EN 388:2016 4X42E
- Seamless knit glove with 13-gauge knit glove with Korplex® cut resistant technology
- Premium breathable foam nitrile palm coating
- Reinforced thumb crotch
- Touch screen capable allowing use on most smart phones and tablets
- Long knit cuff for a more secure fit
- Pre-curved finger design to minimize hand fatigue
- Available sizes: S-X2

35-5675
Impact Protection, Sandy Nitrile Palm, ANSI A6

- Meets ANSI/ISEA 105-2024 Cut Level A6
- Meets EN 388:2016 4X43F
- Seamless knit glove with 13-gauge Korplex® cut resistant technology
- Impact resistant TPR back-of-hand and finger protection
- Meets ANSI/ISEA 138 Impact Level 1 Standards
- Sandy nitrile coating for superior durability
- Reinforced thumb crotch
- Touch screen capable allowing use on most smart phones and tablets
- Pre-curved finger design to minimize hand fatigue
- Long knit cuff for a more secure fit
- Available sizes: S-X3

35-7505

Polyurethane Palm, ANSI A5

- 2023 OH&S New Product of the Year
- Meets ANSI/ISEA 105-2024 Cut Level A5
- Meets EN 388:2016 4X42D
- Seamless knit glove with 18-gauge Korplex® cut resistant technology
- Premium PU palm coating for superior dexterity, grip and durability
- Touch screen capable
- Pre-curved finger design to minimize hand fatigue
- Long knit cuff for a more secure fit
- Available sizes: S-X2

CUT RESISTANT

35-445Y

Polyurethane Palm, ANSI A4

- Meets ANSI/ISEA 105-2024 Cut Level A4
- Meets EN 388:2016 4X43D
- Seamless knit glove with 13-gauge Korplex® cut resistant technology
- High visibility yellow
- Polyurethane palm coating for dexterity
- Pre-curved finger design to minimize hand fatigue
- Long knit cuff for a more secure fit
- Available sizes: XS-X2

35-1500

Polyurethane Palm, ANSI A4

- Meets ANSI/ISEA 105-2024 Cut Level A4
- Meets EN 388:2016 4X43D
- Seamless knit glove with 13-gauge Korplex® cut resistant technology
- Polyurethane palm coating for dexterity
- Pre-curved finger design to minimize hand fatigue
- Long knit cuff for a more secure fit
- Available sizes: XS-X3

3437

Polyurethane Palm, ANSI A3

- Meets ANSI/ISEA 105-2024 Cut Level A3
- Meets EN 388:2016 4542C
- Made with 13-gauge Dyneema® cut protection
- Majestic gloves made with Dyneema® offers the leading combination of cut protection, comfort and durability
- At pound-for-pound fifteen times stronger than steel, Dyneema® Diamond Technology is the world's strongest fiber
- Ring spun seamless knit glove
- Polyurethane coating for mechanical or industrial applications
- 15% more cut resistant than continuous fiber Dyneema®
- Long knit cuff for a more secure fit
- Pre-curved finger design to minimize hand fatigue
- Available sizes: XS-X2

37-3435

Polyurethane Palm, ANSI A3

- Meets ANSI/ISEA 105-2024 Cut Level A3
- Meets EN 388:2016 4442C
- Made with 13-gauge Dyneema® cut protection
- Majestic gloves made with Dyneema® offers the leading combination of cut protection, comfort and durability
- At pound-for-pound fifteen times stronger than steel, Dyneema® is the world's strongest fiber
- Light knit high performance cut resistant material made with Dyneema® Diamond Technology
- White polyurethane palm coating
- Long knit cuff for more secure fit
- Pre-curved finger design to minimize hand fatigue
- Available sizes: S-X2

CUT RESISTANT

A1P37B Needle Puncture Resistant Mechanics Glove, ANSI Puncture 2, Cut A8

- Meets ANSI/ISEA 105-2024 Cut Level A8
- Meets EN 388:2016 2521
- Two layers in palm, one layer in fingers
- Armor Skin Palm
- Black Knit Back
- Velcro Wrist Closure
- Pre-curved finger design to minimize hand fatigue
- ANSI Hypodermic Needle Puncture Level 2 in palm
- Available sizes: S-X2

A2P37Y Needle Puncture Resistant Mechanics Glove, ANSI Puncture 2, Cut A8

- Meets ANSI/ISEA 105-2024 Cut Level A9
- Meets EN 388:2016 3522
- 4 layers in the palm
- 2 layers in fingers
- Armor Skin™ Palm
- Yellow Knit Back
- Velcro Wrist Closure
- Pre-curved finger design to minimize hand fatigue
- ANSI Hypodermic Needle Puncture Level 4 in palm
- Available sizes: S-X2

A3P37B Needle Puncture Resistant Mechanics Glove, ANSI Puncture 3, Cut A9

- Meets ANSI/ISEA 105-2024 Cut Level A9
- Meets EN 388:2016 3522
- 3 layers in fingers
- 6 layers in palms
- Armor Skin™ Palm
- Black Knit Back
- Velcro Wrist Closure
- Pre-curved finger design to minimize hand fatigue
- ANSI Hypodermic Needle Puncture Level 5 in palm
- Available sizes: S-X2

A4B37B Needle Puncture Resistant Mechanics Glove, ANSI Puncture 3, Cut A9

- Meets ANSI/ISEA 105-2024 Cut Level A9
- Meets EN 388:2016 3522
- 8 layers in the palm
- 4 layers in fingers
- Armor Skin™ Palm
- Black Knit Back
- Velcro Wrist Closure
- Pre-curved finger design to minimize hand fatigue
- ANSI Hypodermic Needle Puncture Level 5 in palm
- Available sizes: S-X2

Majestic PowerCut® gloves made with patented Alycore™ offers cut, puncture and needle resistance like no other product has before. Composed mostly of super-thin threads of iron and carbon, Alycore™ is lightweight, flexible, breathable, recyclable, and washable while providing ultimate protection.

Needles, Glass, Metal, Wire & Splinters

Majestic recognizes that many puncture hazards cannot be measured by the standard EN388 minimum requirement for testing. The standard probe test simulates large puncture threats but fails to accurately characterize puncture resistance to high-risk hazards. These hazards include hypodermic needles, wire, glass & glass fragments, metal shards, and wood splinters.

In addition to the EN388 protocol for puncture resistance, Majestic intensifies the safety standard and measures a glove's puncture resistance according to the ASTM F2878 Standard by forcing a 25 gauge syringe needle through the material at a fixed speed. This measures the material's resistance to other puncture hazards commonly found in the workplace but not addressed by the EN388 standard.

25 gauge needle buckling

25 gauge needle failure

31426 Series NEW!**18" Cut Resistant Sleeve, ANSI A6**

- Meets ANSI/ISEA 105-2024 Cut Level A6
- Meets EN 388:2016 2X42F
- Seamless knit sleeve with 18-gauge Korplex® cut resistant technology provide arm and wrist protection from cuts and lacerations
- Added elastic in wrist for improved fit and comfort
- Grey nylon palm for increased comfort
- Thumbhole for better dexterity
- 18" long

Impact Protection Drillers Mechanics Glove ANSI Cut A2 and Impact 2

- Meets ANSI/ISEA 105-2024 Cut Level A2
- Meets ANSI/ISEA 105-2024 Puncture Level 2
- Meets ANSI/ISEA 138 Impact Level 2
- The X10® Driller combines traditional cotton driller gloves with a mechanics-style back that features full finger and back of hand impact protection
- 18-oz quilted cotton cord palm delivers tremendous grip as it absorbs excess oil when working with oily or greasy metal machinery and parts
- Red stitching in the palm secures the lining against the outside
- Back of hand and full finger impact protection with natural breaking points for comfort and function
- Neoprene wrist and pull strap for a secured, neutral fit
- Reinforced thumb crotch and index finger
- ANSI 107 certified high visibility orange stretch knit back
- Pre-curved finger design to minimize hand fatigue
- Available sizes: S - X3

CONCUSSION

Engineered with the world's leading impact protection and shock absorption technology, Majestic's line of Concussion gloves combines the quality of traditional craftsmanship with the latest technological and material advancements to create intense hand protection!

On impact, soft, free flowing molecules lock together to absorb impact energy and reduce the force transmitted. These molecules are strain rate sensitive, meaning the stronger the impact, the more the molecules react, and the better the protection.

Concussion series mechanics gloves feature:

D3O® protective exoskeleton shields with flex points over the back of hand, fingers, and knuckles, offering ultimate protection against impact and shock with an average of 50% more impact protection over traditional TPR gloves | D3O® Aero palm padding, providing 77% more impact protection than the average industry palm material

21475BK

Concussion Impact Protection with Cut Resistant Liner, ANSI A5

- Meets ANSI/ISEA 105-2024 Cut Level A5
- Meets ANSI/ISEA 105-2024 Puncture Level 3
- Meets ANSI/ISEA 138 Impact Level 2
- Engineered with the world's leading impact protection and shock absorption technology, Majestic's line of Concussion gloves combines the quality of traditional craftsmanship with the latest technological and material advancements to create intense hand protection!
- Features D3O® protective exoskeleton shields with flex points over the back of hand, fingers, knuckles and palm for ultimate protection against impact and shock
- Seamless knit Korplex® cut resistant liner
- Back of hand protection provides an average of 50% more impact protection over traditional TPR gloves
- Armor Skin™ synthetic leather palm
- Reinforced D3O® Aero palm padding that offers 77% more impact protection than the average industry palm material
- Extended neoprene cuff with ID wrist pull
- Pre-curved finger design to minimize hand fatigue
- Available Sizes: X2 - X2

- Meets ANSI/ISEA 138 Impact Level 2
- Engineered with the world's leading impact protection and shock absorption technology, Majestic's line of Concussion gloves combines the quality of traditional craftsmanship with the latest technological and material advancements to create intense hand protection!
- Features D3O® protective exoskeleton shields with flex points over the back of hand, fingers, knuckles and palm for ultimate protection against impact and shock
- Back of hand protection provides an average of 50% more impact protection over traditional TPR gloves
- Armor Skin™ synthetic leather palm
- Reinforced D3O® Aero palm padding that offers 77% more impact protection than the average industry palm material
- Extended neoprene cuff with ID wrist pull
- Pre-curved finger design to minimize hand fatigue
- Available Sizes: XS - X2

GENERAL PURPOSE

30-1005 Foam Nitrile Recycled Polyester Glove

- 15-gauge recycled rpet polyester and nylon liner
- Premium foam nitrile palm coating for highly breathable abrasion resistance
- Touch screen capable allowing use on most smart phones and tablets
- Each pair of gloves includes recycled plastic from one bottle
- Certified to recycled claim standard
- Pre-curved finger design to minimize hand fatigue
- EN407 Contact Heat Level 1
- Available sizes: XS-X2

Foam Nitrile Palm on Recycled Polyester Glove

- 13-gauge recycled rpet polyester liner
- Premium foam nitrile palm, 2-layer coating for highly breathable abrasion resistance
- High abrasion resistance
- Unsurpassed grip and dexterity on wet and dry surfaces
- Available sizes:

3225 Grey Nitrile/White Sizes S - X3
3226 Grey Nitrile/Grey Sizes S - X3

51-290 OXXA Superior Micro Foam Nitrile Palm on Nylon Liner

- Super light breathable nitrile foam coating offers a high degree of finger-tip sensitivity and flexibility which increases user productivity
- Anti-slip Nitrile Foam Technology (NFT®) coating provides excellent grip on dry, greasy and oily objects
- Breathable coating keeps hands cool and dry
- Extremely suitable for use in areas with a specific degree of contamination
- Available sizes: S-X2

51-295 OXXA® Superior Micro Foam Nitrile Palm with Dotted Grip on Nylon Shell

- Super light breathable nitrile foam coating with nitrile dots offers a high degree of finger-tip sensitivity and flexibility which increases user productivity
- Anti-slip Nitrile Foam Technology (NFT®) coating provides excellent grip on dry, greasy and oily objects
- Breathable coating keeps hands cool and dry
- Extremely suitable for use in areas with a specific degree of contamination
- Available sizes: S-X2

30-1000 Premium Foam Nitrile Palm Dip Glove

- Super abrasion resistant and highly breathable premium foam nitrile coating
- Anti-slip technology provides excellent grip on dry, greasy, and oily objects
- Nylon/Spandex shell
- High degree of fingertip sensitivity
- Sanitized® by Actifresh coating
- REACH compliant
- EN407 Contact Heat rating 1
- Meets ANSI/ISEA 105-2024 Abrasion Level 4
- Available sizes: XS-X2

3270 SuperDex® Nitrile Palm Dipped Glove

- Grey nitrile palm dipped glove
- Lightweight 13-gauge black knit nylon liner
- Puncture and abrasion resistant
- Excellent wear resistance
- High tactility
- Ergonomically form fitting design
- Recommended for applications that require abrasion and snag resistance
- Available sizes: S-X2

Micro Foam Nitrile Palm

- Micro foam nitrile palm dip coating
- Ultra cool, breathable coating keeps your hands cool and dry
- Nylon shell
- Antimicrobial Treated
- Super dexterity for added grip
- 15 gauge liner for lightweight comfort
- Low lint and non-marking design reduces the risk of material contamination
- Pre-curved finger design to minimize hand fatigue

3228 Grey Sizes S - X2
3228HVY Hi Vis Yellow Sizes S - X1

**3228D****Dotted Micro Foam Nitrile Palm**

- Micro foam nitrile palm dip coating
- Dotted in the palm for much higher grip
- Ultra cool, breathable coating keeps your hands cool and dry
- Nylon shell
- Super dexterity for added grip
- 15 gauge liner for lightweight comfort
- Low lint and non-marking design reduces the risk of material contamination
- Pre-curved finger design to minimize hand fatigue
- Available sizes: S - X2

**3228F****Micro Foam Nitrile Palm Coated Glove on Nylon Shell**

- Full dip micro foam nitrile palm coating
- 15-gauge liner for lightweight comfort
- Ultra cool, breathable coating keeps your hands cool and dry
- Super dexterity for added grip
- Available sizes: S - X2

**3237****3/4 Micro Foam Glove Over Closed Cell Full Nitrile Dip on Polyester Shell**

- Two color 3/4 Micro Foam Dip
- Reversed Diamond Grip Equates to Superior Slip Resistance
- Over a Closed Cell Liquid Proof Full Dip Nitrile
- Polyester shell
- Super grip
- Available sizes: S - X2

**Heavyweight Foam Nitrile Palm**

- 15-gauge liner for lightweight comfort
- Heavyweight foam nitrile palm
- Black nylon shell
- Ultra cool, breathable coating keeps hands cool and dry
- Low lint and non-marking design reduces the risk of material contamination
- 100% launderable
- Pre-curved finger design to minimize hand fatigue

Majestic Jacket System & Layering Versatility

Changing weather conditions require versatile protective clothing that is adaptable to the elements and remains comfortable to workers. As conditions can sometimes rapidly shift throughout the day, it is critical to choose the proper safety apparel that can accommodate weather changes while maintaining the safety and comfort workers need. This will support a safe work environment, steady productivity, and company compliance policies.

Majestic's high visibility jacket system provides ANSI 107-2015 Class 3 compliant components that will accommodate changing weather conditions. From a full jacket ensemble with a fleece or soft shell liner, to a Class 2 fleece vest, our high visibility jacket system will keep you visible and comfortable against the worst conditions.

8 different configurations

1. Full jacket ensemble — jacket & liner
2. Full jacket & fleece vest
3. Full jacket without liner
4. Vest jacket without liner — ANSI Class 2
5. Vest jacket & entire fleece liner
6. Vest jacket & vest fleece liner— ANSI Class 2
7. Full fleece liner
8. Fleece vest liner—ANSI Class 2

75-1305 High Visibility Waterproof Rain Jacket with Nylon Mesh Liner, ANSI 3, R

6X GREATER
ANTI-FOG
PROTECTION

85-2107 In-Sight™

Unlike hydrophobic coatings that repel and spread water, Majestic's In-Sight™ 85-2107 uses **premium hydrophilic coatings** that are bonded to the lens. Similar to a microscopic sponge that absorb droplets into its material - the moisture absorbing process works to eliminate fogging almost instantly.

In-Sight Safety Glasses **NEW!**
